

After opening on, Thursday, May 16<sup>th</sup> the 2024 golf season is well underway at Stewart Creek.

After a very strong season in 2023, Stewart Creek entered the off season in our best condition ever. Fall turf conditions were extremely healthy and with all agronomic inputs completed, and golf course protection systems in place for winter, our expectation was for a great start to the 2024 season. Unfortunately, winters in the mountains can throw you an occasional curve ball. The combination of volatile winter weather, late season snowfall and snow coverage, and a very cool spring resulted in early season conditions at the golf course being well below our normal standards. Winter damage to tee areas, fairways and to numerous green sites was significant. Over the past 6 weeks our team has worked extremely hard to rejuvenate the golf course and improve conditions. Despite less-than-ideal spring growing conditions, our progress has been impressive. Day by day we are getting closer to the high level of conditioning and playability we expect of the Stewart Creek brand, but we aren't quite there yet.

In lieu of current conditions falling short of the Stewart Creek brand expectations for playability in June, we will be reducing green fees by 20% off their normal rate from June 7<sup>th</sup>-30<sup>th</sup>. The online booking system will indicate the normal rate, however, at the time of check-in at the golf course, the rate booked will be discounted by 20%. For guests who would prefer to wait until conditions are pristine, we ask that you cancel your booking online and rebook with us for later in the season. For players that have booked using the prepay and save method in June, in addition to the 15% savings acquired at the time of booking, we will also be providing you with a \$25/player golf shop retail voucher that can be used on the day of play.

With the weather forecast indicating warmer, sunnier days ahead, we look forward to welcoming you to the inspiring Rocky Mountains for an outstanding golfing experience.

If you have any questions or require additional information, please don't hesitate to reach out to our team at 403-609-6099.

Warm regards,

The Stewart Creek team
